## America favors Seahawks, scolds Patriots ahead of Super Bowl

Raleigh, N.C. - Americans are suspicious of Tom Brady's balls, and they will be rooting against his New England Patriots when they face off against the Seattle Seahawks in Sunday’s Super Bowl.

America supports the Seahawks 36/29 over the Patriots, who have been under investigation for illegally altering the air pressure of footballs used in their AFC Championship victory over the Indianapolis Colts. Though Brady and coach Bill Belichick have denied the allegations, Americans don't believe them (41/27), exposing the team's deflated credibility after its second league-sanctioned investigation since 2007.

Republicans are more willing than Democrats to cut New England slack, condemning the Patriots by a sympathetic three-point margin (36/33) to the Democrats' 23-point margin (46/23). Women and men are similarly divided, $41 / 20$ to $41 / 35$, respectively.

Despite the probe and subsequent awkward press conferences, Tom Brady's favorability rating dips just two points to $37 \%$ from PPP's last national NFL poll conducted in January 2014. Bill Belichick, perceived as the scheming mastermind behind the Patriots, is not so fortunate, as he garners a chilly $21 / 34$.

Among all NFL teams, the Green Bay Packers are the most popular at 54\% favorability and $15 \%$ who list them as their favorite team nationwide. The Patriots have the lowest favorability rating (30\%), but the Dallas Cowboys poll highest as the country's most hated team (18\%) for the fourth straight year. Americans, $64 \%$ of whom claim to be fans of the NFL, strongly oppose having a team in London (15/54) but support a team in Los Angeles (41/20).
"Americans think the Patriots cheated in the AFC championship game and they're rooting for the Seahawks on Sunday," said Dean Debnam, President of Public Policy Polling. "But Deflategate hasn't been enough for the Patriots to surpass the Cowboys as the most hated team in the NFL."

PPP surveyed 612 American voters from January $22^{\text {nd }}$ to $25^{\text {th }}$. The margin of error for the survey is $+/-4.0 \% .80 \%$ of interviews for the poll were conducted over the phone with $20 \%$ interviewed over the internet to reach respondents who don't have landline telephones.

## National Survey Results

## Q1 Do you have a favorable or unfavorable opinion

 of the New England Patriots?Favorable..................................................... 30\%
Unfavorable .................................................. 38\%
Not sure ....................................................33\%
