Subject: Midwestern States a Toss Up Tuesday; Clinton Still Strong in South

Date: 3-13-16

New Public Policy Polling surveys of the 5 states that will vote on Tuesday find that the Democratic contests in Illinois, Missouri, and Ohio are all toss ups, while Hillary Clinton maintains a significant advantage in Florida and North Carolina. The surveys were conducted on behalf of the VoteVets Action Fund.

Clinton leads Bernie Sanders just 46/41 in Ohio and 48/45 in Illinois, while narrowly trailing Sanders in Missouri 47/46. Ohio, Illinois, and Missouri are all open primary states and Sanders is benefiting from significant support from independent voters and a small swath of Republicans planning to vote in each state, putting him in position to potentially pull an upset sweep of the region on Tuesday night:

State	Overall	Democrats	Independents	Republicans
OH	Clinton 46-41	Clinton 55-37	Sanders 53-20	Sanders 56-21
IL	Clinton 48-45	Clinton 59-37	Sanders 69-18	Sanders 62-23
MO	Sanders 47-46	Clinton 56-39	Sanders 62-23	Sanders 66-23

Clinton is better positioned in the Southern states voting on Tuesday. She leads 57/32 in Florida, and 56/37 in North Carolina. She benefits in Florida from it being a closed primary state- her lead with Democrats is comparable to what it is in the three Midwestern states voting on Tuesday but that's the entire electorate in the Sunshine State, putting her in a strong position. In North Carolina, Clinton has already accrued a huge lead during early voting. Among those who have already cast their ballots she leads 68/29, and the race only gets closer overall because her advantage is a tighter 50/40 spread among those planning to vote on Election Day.

We also polled on a couple important issues of concern to veterans: privatizing health care services provided by the Department of Veterans Affairs, and decreasing our nation's reliance on fossil fuels by embracing renewable energy sources.

Democratic primary voters in these states- including the independents planning to vote in the Democratic primary- are strongly opposed to privatizing health care services provided by the Department of Veterans Affairs. Anywhere from 67-71% of primary voters in each state oppose privatization, with only 17-25% of voters in support. What's particularly noteworthy is that not only are Democrats overwhelmingly opposed to the concept, but it also has minimal support from the crucial independent voters planning to vote in the Democrats primary- just 17% to 27% support within that group for privatization:

State	Overall Privatization	With Dems	With Independents
FL	20% Support, 69% Opposed	20/69	N/A
IL	25% Support, 68% Opposed	25/68	23/67
MO	22% Support, 71% Opposed	22/72	22/70
NC	17% Support, 71% Opposed	18/71	17/75
OH	23% Support, 67% Opposed	21/72	27/50

This is an issue where voters are inclined to punish politicians who want to privatize health care services provided by the VA. At least 66% of primary voters in each state say they'd be less likely to vote for a candidate who wanted to privatize VA health care services, compared to only 16-25% of voters who say they'd be more likely to vote for a candidate who took that stance. Anywhere from 62-72% of the independents planning to vote in the primaries would be less likely to vote for a candidate who wanted to do that.

State	Overall Privatization Support Impact On Vote For Politician	With Dems	With Independents
FL	20% More Likely, 72% Less Likely	20/72	N/A
IL	25% More Likely, 66% Less Likely	25/65	22/68
MO	21% More Likely, 70% Less Likely	22/70	20/70
NC	16% More Likely, 73% Less Likely	16/73	15/72
OH	19% More Likely, 68% Less Likely	19/69	18/62

Finally we found overwhelming support from Democratic primary voters- Democrats and independents alike- for candidates who think the US needs to lessen its dependence on fossil fuels by embracing measures like solar, wind, and biofuels. At least 77% of Democratic primary voters overall in each state- and at least 74% of independents- say they'd be more likely to vote for candidates who saw the need for the country to embrace new energy sources and move away from fossil fuels. Only 13-14% of primary voters say they'd be less likely to vote for a candidate who wanted to do that.

State	Overall Lessen Dependence on Fossil Fuels	With Dems	With Independents
FL	79% More Likely, 13% Less Likely	79/13	N/A
IL	79% More Likely, 14% Less Likely	80/14	79/14
MO	81% More Likely, 13% Less Likely	84/11	75/16
NC	77% More Likely, 14% Less Likely	76/14	81/9
OH	80% More Likely, 13% Less Likely	82/12	74/16

Public Policy Polling interviewed likely Democratic primary voters on March 11th and 12th in Florida, Illinois, Missouri, and Ohio, and from March 11th to 13th in North Carolina on behalf of the VoteVets Action Fund. There were 627 interviews in Florida with a margin of error of +/-3.9%, 597 interviews in Illinois with a margin of error of +/-4.0%, 839 interviews in Missouri with a margin of error of +/-3.4%, 747 interviews in North Carolina with a margin of error of +/-3.6%, and 502 interviews in Ohio with a margin of error of +/-4.4%. The polls were conducted using a blended methodology with automated phone calls to landlines and online interviews of cell phone only respondents.

Missouri Survey Results

Q1 How likely are you to vote in Tuesday's Democratic primary for President: will you definitely vote, probably vote, are the chances 50/50, or will you probably not vote?

Will definitely vote 90%
Will probably vote 10%
Chances are 50/50 0%
Will probably not vote..... 0%

Q2 The Democratic candidates for President are Hillary Clinton and Bernie Sanders. If the election was today, who would you vote for?

Hillary Clinton..... 46%
Bernie Sanders..... 47%
Undecided..... 8%

Q3 Are you firmly committed to your current choice for President, or is it possible you'll change your mind between now and the primary?

Firmly committed to your current choice 78%
It's possible you'll change your mind between now and the primary 22%

Q4 Do you have a favorable or unfavorable opinion of Hillary Clinton?

Favorable..... 54%

Favorable..... 63%
Unfavorable 24%
Not sure..... 14%

Q6 There is a proposal in Congress to privatize some of the services veterans receive from the VA. Currently VA Hospitals cover veterans for all their health care needs. Under this proposal some of the hospital programs would be privatized, and veterans would get a credit card like voucher, where they would have to pay for their health care through a private for profit insurance company. The voucher would only pay for some of the costs for private insurance, and the hospital services currently fully covered by the VA would go away. Would you strongly favor, somewhat favor, somewhat oppose, or strongly oppose this plan to privatize some VA services and eventually do away with the VA health care system?

Strongly favor..... 8%
Somewhat favor..... 14%
Somewhat oppose..... 18%
Strongly oppose..... 53%
Not sure..... 7%

Q7 If a candidate for office supported privatizing the VA health care system and making it more like a private for profit system, would that make you much more likely, somewhat more likely, somewhat less likely, or much less likely to vote for them in the next election?

Much more likely..... 8%
Somewhat more likely..... 13%
Somewhat less likely..... 24%
Much less likely..... 46%
Wouldn't make a difference..... 8%

Q8 You may have heard about a connection between fossil fuels and terrorism. Even though the US doesn't buy oil directly from regimes hostile to us and our allies, our demand for oil does drive up world prices, which benefits hostile regimes. Knowing this, would you be much more likely, somewhat more likely, somewhat less likely, or much less likely to vote for a candidate who believes the United States must do all it can to lessen our dependence on fossil fuels by embracing measures like solar, wind, and renewable fuels, like biofuels?

North Carolina Survey Results

Q1 Will you vote in the Democratic or Republican primary for President, Governor, and other important offices, or will you not vote in a primary?

<i>Democratic primary</i>	100%
<i>Republican primary</i>	0%
<i>Will not vote in a primary</i>	0%

Q2 The Democratic candidates for President are Hillary Clinton and Bernie Sanders. If the election was today, who would you vote for?

<i>Hillary Clinton</i>	56%
<i>Bernie Sanders</i>	37%
<i>Undecided</i>	8%

Q3 Are you firmly committed to your current choice for President, or is it possible you'll change your mind between now and the primary?

<i>Firmly committed to your current choice</i>	85%
<i>It's possible you'll change your mind between now and the primary</i>	15%

Q4 Do you have a favorable or unfavorable opinion of Hillary Clinton?

<i>Favorable</i>	66%
<i>Unfavorable</i>	25%
<i>Not sure</i>	9%

Q5 Do you have a favorable or unfavorable opinion of Bernie Sanders?

<i>Favorable</i>	65%
<i>Unfavorable</i>	21%
<i>Not sure</i>	14%

Q6 There is a proposal in Congress to privatize some of the services veterans receive from the VA. Currently VA Hospitals cover veterans for all their health care needs. Under this proposal some of the hospital programs would be privatized, and veterans would get a credit card like voucher, where they would have to pay for their health care through a private for profit insurance company. The voucher would only pay for some of the costs for private insurance, and the hospital services currently fully covered by the VA would go away. Would you strongly favor, somewhat favor, somewhat oppose, or strongly oppose this plan to privatize some VA services and eventually do away with the VA health care system?

<i>Strongly favor</i>	7%
<i>Somewhat favor</i>	10%
<i>Somewhat oppose</i>	16%
<i>Strongly oppose</i>	55%
<i>Not sure</i>	11%

Q7 If a candidate for office supported privatizing the VA health care system and making it more like a private for profit system, would that make you much more likely, somewhat more likely, somewhat less likely, or much less likely to vote for them in the next election?

<i>Much more likely</i>	6%
<i>Somewhat more likely</i>	10%
<i>Somewhat less likely</i>	28%
<i>Much less likely</i>	45%
<i>Wouldn't make a difference</i>	12%

Q8 You may have heard about a connection between fossil fuels and terrorism. Even though the US doesn't buy oil directly from regimes hostile to us and our allies, our demand for oil does drive up world prices, which benefits hostile regimes. Knowing this, would you be much more likely, somewhat more likely, somewhat less likely, or much less likely to vote for a candidate who believes the United States must do all it can to lessen our dependence on fossil fuels by embracing measures like solar, wind, and renewable fuels, like biofuels?

Q6 There is a proposal in Congress to privatize some of the services veterans receive from the VA. Currently VA Hospitals cover veterans for all their health care needs. Under this proposal some of the hospital programs would be privatized, and veterans would get a credit card like voucher, where they would have to pay for their health care through a private for profit insurance company. The voucher would only pay for some of the costs for private insurance, and the hospital services currently fully covered by the VA would go away. Would you strongly favor, somewhat favor, somewhat oppose, or strongly oppose this plan to privatize some VA services and eventually do away with the VA health care system?

Strongly favor..... 12%
Somewhat favor..... 11%
Somewhat oppose..... 18%
Strongly oppose..... 49%
Not sure..... 10%

Q7 If a candidate for office supported privatizing the VA health care system and making it more like a private for profit system, would that make you much more likely, somewhat more likely, somewhat less likely, or much less likely to vote for them in the next election?

Much more likely..... 11%
Somewhat more likely..... 8%
Somewhat less likely..... 30%
Much less likely..... 38%
Wouldn't make a difference..... 13%

Q8 You may have heard about a connection between fossil fuels and terrorism. Even though the US doesn't buy oil directly from regimes hostile to us and our allies, our demand for oil does drive up world prices, which benefits hostile regimes. Knowing this, would you be much more likely, somewhat more likely, somewhat less likely, or much less likely to vote for a candidate who believes the United States must do all it can to lessen our dependence on fossil fuels by embracing measures like solar, wind, and renewable fuels, like biofuels?
