Clinton Closely Matched with Carson, Fiorina, Trump

Raleigh, N.C. - PPP's newest national poll finds that Hillary Clinton generally holds modest leads over the Republican field for President, with Ben Carson faring the strongest among the GOP hopefuls.

Carson earns a tie with Clinton at 44\%, and he actually leads Bernie Sanders 42/36 in a head to head. Carson is the only declared candidate with a positive favorability rating$41 \%$ of voters nationally see him positively to only $30 \%$ who have a negative opinion. He earns a tie with Clinton on the basis of a 43/35 advantage with independents.

The other candidates who come really close to Clinton are Donald Trump and Carly Fiorina, who are each down by just 2 . Fiorina trails Clinton 45/43, and is down 39/38 to Sanders. Trump is down just 2 points as well at 46/44, and he leads Sanders 43/42. Interestingly Joe Biden actually does far better than both Clinton and Sanders against Trump, with a 6 point advantage at $47 / 41$. Biden joins Carson as the second person with a positive rating in this poll at 43/40.

The news of Trump possibly forgoing a third party bid is very good for the GOP. We find that he would actually earn more support than Jeb Bush in a three way contest, getting $27 \%$ to Bush's $23 \%$ and leaving Clinton with a landslide victory at $42 \%$. Bush leads Trump only 46/44 with Republican voters in that scenario, and gets $31 \%$ of independents to only $19 \%$ for Bush.

We tested Jeb Bush against Clinton, Sanders, and Biden to get a sense of their relative strength as general election candidates. Clinton (a 4 point lead over Bush at 46/42) and Biden (a 3 point lead over Bush at 44/41) do quite similarly. Sanders does a little bit worse, trailing Bush by a point at 41/40.
"It used to look like nominating Donald Trump would be an unmitigated disaster for the Republicans," said Dean Debnam, President of Public Policy Polling. "But now he's doing better against Hillary Clinton than a lot of their perceived electable candidates. Meanwhile Ben Carson just continues to show an unexpected level of strength."

Public Policy Polling surveyed 1,254 registered voters from August $28^{\text {th }}$ to 30 th. The margin of error for the survey is $+/-2.8 \% .80 \%$ of participants responded via the phone, while $20 \%$ of respondents who did not have landlines conducted the survey over the internet.

## National Survey Results

## Q1 Do you approve or disapprove of President Barack Obama's job performance?

Approve ..... 45\%
Disapprove ..... 49\%
