Colorado Elections Remain Close

Raleigh, N.C. – In the latest PPP poll Colorado voters gave one point leads to both incumbent Governor John Hickenlooper and incumbent Senator Mark Udall. Hickenlooper leads challenger Bob Beauprez 44/43 and Udall also leads challenger Cory Gardner 44/43.

However, each of the incumbents are still in danger as they both face a disapproving electorate. Hickenlooper faces a three point gap in approval ratings with 43% approval and 46% disapproval. Udall is forced to contend with a much wider gap, he has a 36% approval rating and a 47% disapproval rating.

Those two Democrats appear to be in a better position than other Democrats across the state. When asked about who they would vote for in an election for state legislature 45% of voters responded they would vote for a generic Republican compared to only 38% who would vote for a Democrat.

Continuing that trend the three other statewide races show large deficits for the Democratic candidates. In the Secretary of State race Democrat Joe Neguse trails Republican Wayne Williams 27/35 with 38% still undecided. The State Treasurer race shows a wider gap, Democrat Betsy Markey trails Republican Walker Stapleton 33/43 with 24% undecided. The race to be Attorney General shows a similar margin, Democrat Don Quick trails Republican Cynthia Coffman 29/38 with 32% undecided. In every statewide election the Republican candidate wins the votes of independents.

The state's voters do however oppose the latest personhood amendment in Colorado, Amendment 67. On this measure, 40% of voters said they would vote yes while 45% would vote no with 15% still undecided.

“The Colorado races are shaping up to be very close,” said Dean Debnam, President of Public Policy Polling. “The Democratic incumbents aren’t very popular, but their Republican challengers aren’t exactly setting the world on fire either.”

PPP surveyed 653 Colorado voters from July 17th to 20th. The margin of error for the sample is +/-3.8 %. 80% of interviews for the poll were conducted over the phone with 20% interviewed over the internet to reach respondents who don't have landline telephones.
