Florida Voters Support Medicaid Expansion, Background Checks, Clean Power Plan

Raleigh, N.C. – Floridians continue to be firmly supportive of Medicaid Expansion- 63% of voters in the state favor it to only 31% who are opposed. Democrats (87/11) are almost universally for it, a majority of independents (52/35) are, and even Republicans (41/52) are relatively split on it. This is just the latest in a long run of our poll findings about how popular it is in the Sunshine State.

73% of voters in the state support increasing the minimum wage to at least \$10 an hour, with only 13% thinking it should be kept where it is and another 13% who think it should be eliminated altogether. 95% of Democrats, 69% of independents, and 52% of Republicans support an increase to a minimum of \$10. This is an issue where the Republican base is a lot further along than the Republican Presidential candidates.

We continue to find that background checks on all gun purchases are universally popular across party lines everywhere we poll. In Florida there's 88% support to only 7% opposition, and backing for them comes from 92% of Democrats, 88% of Republicans, and 82% of independents.

Marco Rubio may not want to do anything about global warming, but 63% of his constituents support the EPA Clean Power Plan to only 29% who are opposed to it. 84% of Democrats, 63% of independents, and 39% of Republicans express support for it.

The reaction to gay marriage being legal in Florida is mostly 'no big deal.' 76% of voters in the state either say that it's had no impact on their lives or a positive one, with just 24% claiming it's been a negative. Even among Republican voters 71% say it hasn't been a big deal.

Florida voters are pretty emphatic- they don't want to foot the bill to defend Rick Scott against allegations that he violated the state's Sunshine laws. 70% say taxpayers shouldn't cover Scott's legal bills to only 20% who support that use of their money. That's something where there's agreement across party lines- 79% of Democrats, 67% of independents, and 62% of Republicans.

Public Policy Polling surveyed 814 voters from September 11th to 13th. The margin of error for the overall survey is +/-3.4%. 80% of participants responded via the phone, while 20% of respondents who did not have landlines conducted the survey over the internet.
