Snyder, Republican Legislature Unpopular With Voters

Raleigh, N.C. – A new poll from Public Policy Polling finds that Governor Rick Snyder holds a negative approval rating with Michigan voters. 47% of voters disapprove of Snyder's job performance while just 40% approve. Despite the low approval numbers, voters appear to have little appetite for a potential recall of Snyder with 36% saying they would support such an effort and 55% opposing.

Voters are nearly split on whether Rick Snyder or Jennifer Granholm has done a better job as Governor, with 41% choosing Granholm and 42% choosing Snyder. More voters oppose (45%) than support (38%) Snyder's recent signing of a law that bans benefits for same-sex partners of public employees.

The Republicans in the State Legislature are viewed unfavorably by nearly 2 out of every 3 voters (20% favorable / 63% unfavorable). Democrats also have a negative approval rating (36/46) but they hold a 14 point lead in generic ballot polling for the Legislature with 48% of voters saying they'd vote Democratic and 34% saying they'd vote Republican.

"The Republican legislature in Michigan is nearing Congress levels of unpopularity," said Dean Debnam, President of Public Policy Polling. "Democrats should have a pretty good chance at taking back control of the House this fall."

Senator Carl Levin holds a positive job approval rating, with 44% approving of his job performance and 36% disapproving.

PPP also tested the favorability ratings of several major Detroit cities. The results, in order of popularity, are as follows: Ann Arbor (63% favorable, 13% unfavorable), Grand Rapids (57/11), Lansing (49/16), Detroit (28/50), and Flint (13/56).

PPP will release a final Michigan poll, focusing on sports, tomorrow.

PPP surveyed 560 Michigan voters between February 10th and 12th. The margin of error for the survey is +/-4.14%. This poll was not paid for or authorized by any campaign or political organization. PPP surveys are conducted through automated telephone interviews. PPP is a Democratic polling company, but polling expert Nate Silver of the *New York Times* found that its surveys in 2010 actually exhibited a slight bias toward Republican candidates.
