Romney holds modest lead over Bachmann in New Hampshire

Raleigh, N.C. – When PPP last polled New Hampshire in April, only Donald Trump proved competitive with Mitt Romney. Since then, Michele Bachmann has become Romney's closest competitor, and now trails Romney in New Hampshire by a similar margin. Romney holds the lead with 25% and is followed by Bachmann with 18%, Sarah Palin with 11%, Paul with 9%, Herman Cain and Rick Perry with 7%, Huntsman and Pawlenty with 6%, and Newt Gingrich with 4%.

Without Palin in the race, Romney retains his 7 point lead, taking 28% to Bachmann's 21%, Perry and Paul's 9%, Cain and Huntsman's 7%, Pawlenty's 6%, and Gingrich's 4%. If unlikely candidates Jeb Bush, Chris Christie, Rudy Giuliani, and Paul Ryan were to enter the race, Romney would still lead. He would take 26% of the vote with 20% for Christie, 14% for Bachmann, 9% for Giuliani, 8% for Palin and Bush, 5% for Pawlenty, and 3% for Ryan.

If the Republican presidential primaries become a two person race between Romney and another candidate, Romney would still have the edge in New Hampshire. Romney leads Bachmann most narrowly 49-37, leads Perry 53-28, Pawlenty 59-25, and Palin 65-26. However, Romney has a problem with Republicans who identify as members of the Tea Party, 33% of the New Hampshire GOP. They favor Bachmann over Romney 53-39.

Birthers have lost steam in New Hampshire since the release of Obama's birth certificate, but they still have a significant presence. Now a majority, 54%, of New Hampshire Republicans think Obama was born in the US compared to 30% who don't. This is up from only 35% who believed Obama was born in the US in April.

"It will be difficult for Romney to win the nomination without New Hampshire," said Dean Debnam, President of Public Policy Polling. "Romney has the advantage, but his small lead in friendly territory suggests that his frontrunner status is vulnerable."

PPP surveyed 341 New Hampshire Republican primary voters from June 30th to July 5th. No interviews were conducted on July 3rd or 4th. The margin of error for the survey is +/- 5.3%. This poll was not paid for or authorized by any campaign or political organization. PPP surveys are conducted through automated telephone interviews. PPP is a Democratic polling company, but polling expert Nate Silver of the *New York Times* found that its surveys in 2010 actually exhibited a slight bias toward Republican candidates.

New Hampshire Survey Results

Q1 Do you have a favorable or unfavorable opinion of Michele Bachmann?

Favorable..... 64%
Unfavorable 24%
Not sure 12%

Q2 Do you have a favorable or unfavorable opinion of Herman Cain?
