Obama leads by 5 in Ohio

Raleigh, N.C. – PPP's newest Ohio poll finds Barack Obama leading 51-46, a 5 point lead not too different from our last poll two weeks ago when he led 49-45.

The key finding on this poll may be how the early voters are breaking out. 19% of people say they've already cast their ballots and they report having voted for Obama by a 76-24 margin. Romney has a 51-45 advantage with those who haven't voted yet, but the numbers make it clear that he already has a lot of ground to make up in the final three weeks before the election.

We've found a major improvement in Mitt Romney's image in most of the states that we've polled since the Presidential debate, but Ohio is an exception. His favorability now is a 45/51 spread, showing no improvement from his 45/49 breakdown two weeks ago. Obama meanwhile has seen a small spike in his approval rating, from 48/49 to 50/48.

The Vice Presidential debate may have given Obama at least a small boost as well. 46% of Ohio voters think Joe Biden won it to 37% who believe Paul Ryan was the victor. Biden's advantage is 44/32 with independents. 62% of both Democrats and Republicans say they're 'very excited' to vote this fall, reversing a trend we saw in some post-Presidential debate polling of GOP voters expressing more enthusiasm about the election this year.

In the US Senate race Sherrod Brown leads Republican challenger Josh Mandel 49-42, little change from a 49-41 advantage two weeks ago. Brown has narrowly positive approval numbers on this poll with 45% of voters giving him good marks to 43% who disapprove. Mandel meanwhile continues to be unpopular with only 37% of voters expressing a positive opinion of him to 50% with a negative one.

“Barack Obama’s poll numbers have dropped a fair amount nationally over the last week but he’s holding strong in Ohio,” said Dean Debnam, President of Public Policy Polling. “And if he can still win there, he’ll likely win the election.”

PPP surveyed 880 likely Ohio voters on October 12th and 13th. The margin of error for the survey is +/-3.3%. This poll was not paid for or authorized by any campaign or political organization. PPP surveys are conducted through automated telephone interviews.
